Professional Experience

Senior Product Designer

March 2025 – Present

Pathao · Full-Time · Banani, Dhaka, Bangladesh

- Redesigned Platform Homepage with a personalized bento layout, dynamic tile prioritization, and contextual quick actions, driving **20%+ growth in tile penetration** across active users.
- Overhauled Rental homepage and niche rental flows end-to-end, increasing **niche trip volume by 50%** through targeted interaction design and streamlined booking journeys.
- Optimized Quick Driver Onboarding flow, removing friction across verification and setup steps to deliver a **16x lift in driver signup conversion**.
- Designed and launched CNG ride vertical from zero to **1,500+ daily trips** at a **90% pairing success rate** within weeks of launch.
- Shipped Autopay v2.0 with clearer reliability indicators and payment transparency, adding **14,000 net-new Pathao Pay users**.
- Built Pathao Connect, an offline ride coordination system generating **150+ organic daily requests** with zero paid acquisition.

Product Designer

March 2023 – February 2025

klikit · Full-Time, Hybrid · Singapore

- Shipped consumer web and mobile products for a merchant SaaS platform across **12,000+ stores in 8 APAC countries**, supporting QR ordering, reservations, and multi-channel management.
- Built design system from zero to **25+ components** for web, mobile, and admin surfaces, cutting design-to-dev handoff time and improving cross-platform consistency.
- Owned core consumer workflows including QR-based ordering (Webshop) and table reservations, collaborating with **5+ PMs and 30+ engineers** to reduce drop-off and improve conversion.
- Designed merchant dashboard and B2B admin suite covering menus, orders, inventory, CRM, and analytics, used daily by **12,000+ store operators**.

Lead UI/UX Designer

September 2024 – February 2025

ACS Future School · Contract · Mirpur DOHS, Dhaka, Bangladesh

- Led product design for an AI-powered EdTech platform serving **168,000+ users** and generating **BDT 163M+ in revenue**, managing a team of 4 designers across consumer and admin surfaces.
- Designed gamified learning system with progression mechanics (ranks, streaks, leaderboards) and personalized dashboards, driving daily active engagement.
- Built live class infrastructure supporting **3,700+ sessions** with real-time interaction, attendance tracking, and performance reporting.
- Shipped role-specific experiences for **3 user types** (students, teachers, guardians) and a scalable admin ecosystem for content and user management.

Founding UI/UX Designer

October 2022 – February 2023

Panorama · Remote · Celina, Texas, United States

- Founded design function as sole designer, delivering a business performance assessment platform and analytics admin panel within a 5-month engagement, including visual language, component library, and interaction patterns built from scratch.

UI/UX Designer

May 2022 – September 2022

Better Aid BD · Contract · Banani, Dhaka, Bangladesh

- Designed a unified consumer health platform spanning **4 service domains** (mental, sexual, menstrual health, nutrition), delivering a cohesive multi-domain experience across web and mobile.
- Conducted user research and usability interviews to validate product direction, translating findings into actionable design decisions across core user flows.
- Designed high-conversion landing pages driving awareness and service adoption for a platform serving sensitive health needs.

Education

Bangladesh University of Engineering and Technology (BUET)

2017 – 2022

Bachelor of Science in Materials and Metallurgical Engineering

Certifications

Foundations of UX Design, Google · June 2022

Start the UX Design Process: Empathize, Define, and Ideate, Google · August 2022

Build Wireframes and Low-Fidelity Prototypes, Google · September 2022
