Muhidul Hasan

Product Designer | muhidul.hasaan@gmail.com | +8801788201425

Summary

Multidisciplinary Product Designer with **5+** years of experience designing and scaling digital products across consumer and B2B environments used by **5.7M+** users. Skilled in growth experimentation, design systems, and building high-impact products in cross-functional teams, with **strong visual design craft** and an active focus on emerging AI tools and modern product design workflows.

Experience

Product Designer

Pathao
(Full Time)

Banani, Dhaka
March 2025 - Present

- Revamped the Platform Homepage with a personalised bento layout, dynamic tile prioritisation, contextual quick actions, and 3D icons, driving **20%**+ growth in tile penetration.
- Redesigned the Rental homepage and niche rental flows, increasing niche trips by **50%**.
- Optimized Quick Driver Onboarding, boosting driver signup conversion by **16x**.
- Launched CNG ride vertical, reaching **1.5K+** daily trips at **90%** pairing success.
- Designed Autopay v2.0, adding **14K** new Pathao Pay users through improved reliability and payment clarity.
- Built Pathao Connect (offline ride system), driving **150+** organic daily requests.

Lead UI/UX Designer

ACS Future School
(Contractual)

Mirpur DOHS, Dhaka
Sept 2024 - Feb 2025

- Owned consumer and admin product surfaces for an AI-powered EdTech ecosystem generating **৳163M+** in revenue.
- Led a team of 4 designers and partnered with 4 PMs and 15 engineers to build products serving **168K+** users.
- Designed the core learning platform, including gamified progression systems (ranks, points, streaks, leaderboards) and personalized student dashboards.
- Built a live class experience supporting **3,700+** sessions to date, with real-time interaction and performance reporting.
- Delivered multi-role (students, teachers, guardians) product experiences and a scalable admin ecosystem.

Product Designer

klikit
(Full time, Hybrid)

Irving Place, Singapore
March 2023 - Feb 2025

- Built consumer web and mobile products for a merchant platform serving **12,000+** stores across **8** APAC countries.
- Built and scaled the core design system (**25+ components**) with guidelines for web, mobile, and admin surfaces to ensure consistency, speed, and cross-platform scalability.
- Owned core consumer workflows including QR ordering (Webshop) and reservations, partnering with 5+ PMs and 30+ engineers to improve product consistency.
- Designed merchant dashboard experiences and B2B admin tools enabling centralized management of menus, orders, inventory, CRM, and analytics.

Founding UI/UX Designer

Panorama (Remote)

Celina, Texas, United States
Oct 2022 - Feb 2023

- Built a business assessment platform enabling performance evaluation and optimization, along with a data-driven admin panel for analytics and management.
